

LEG PRESS + CHEST PRESS

Code: KS-FD-012

Description

Leg press + chest press is a popular outdoor gym set for building upper and lower body strength. Strengthen muscles of the legs, triceps and chest. Improves posture, muscle strength and functioning of the cardiopulmonary system. This device is available in a comfort version. The comfort version offers a seat covered by polyurethane foam (PU system). As a result, users never have a feeling of hot touch during very sunny days or cold during frost.

To exercise, sit comfortably on the seat, and grab the handles with your hands. Push the handles downwards. Keep your back upright. The exercise involves pushing off with the legs from the steps and horizontally pressing the handles.

Product details

- Dimensions (LxWxH): 2,38 x 0,7 x 1,65 m
- Safety zone: 5,38 x 3,70 m
