

# CHEST PRESS

Code: KS-FS-013

## Description

The Chest Press outdoor gym is a perfect device for building strength and stamina. It develops strength of the arms, back, and abdominals muscles and improves the cardiopulmonary system. This device is available in a comfort version. The comfort version means that the seat and backrest are covered by polyurethane foam (PU system). As a result, users never feel hot touch during very sunny days or cold during frost. The key point of this version is to provide everyone with optimal comfort for exercise.

To do exercise sit down on the seat and grab the handles. Push the handles forward until the elbows are straight. Keep your back upright.
