

SHOULDER PRESS

Code: KS-FS-014

Description

The Shoulder Press is an outdoor gym device focused on strengthening the upper body. It builds up and sculpt the muscles of the chest, arms and back and improves the functionality of the cardiopulmonary system. This device is available in a comfort version. The key point of the Comfort version is to provide everyone with optimal comfort for exercise. The seat and backrest are covered by polyurethane foam (PU system), as a result users never have a feeling of hot touch during very sunny days, or cold during frost.

To do exercise sit comfortably on the seat and grab the handles with your hands. Push the handles upwards until the elbows are straight. Keep your back upright.

How to use Shoulder Press:
