**SET VILLAGE wood**

**AA001**

Finitura /Finishing

**GALVANIZED AND POWDER COATED**

Set consisting of a table and two benches, which can also be purchased individually.

The table and benches are composed of a steel structure formed by two shaped sides in  $\varnothing 48$  mm tubular which rest on an elliptical base that can be plugged into the ground, and on the upper part are fixed the wooden slats dim.110x45 mm in Nordic pine wood or in hardwood.

The sides are connected to each other by a central tie rod in  $\varnothing 48$  mm round tube to give stability to the structure, and in the case of the table it also acts as a footrest.

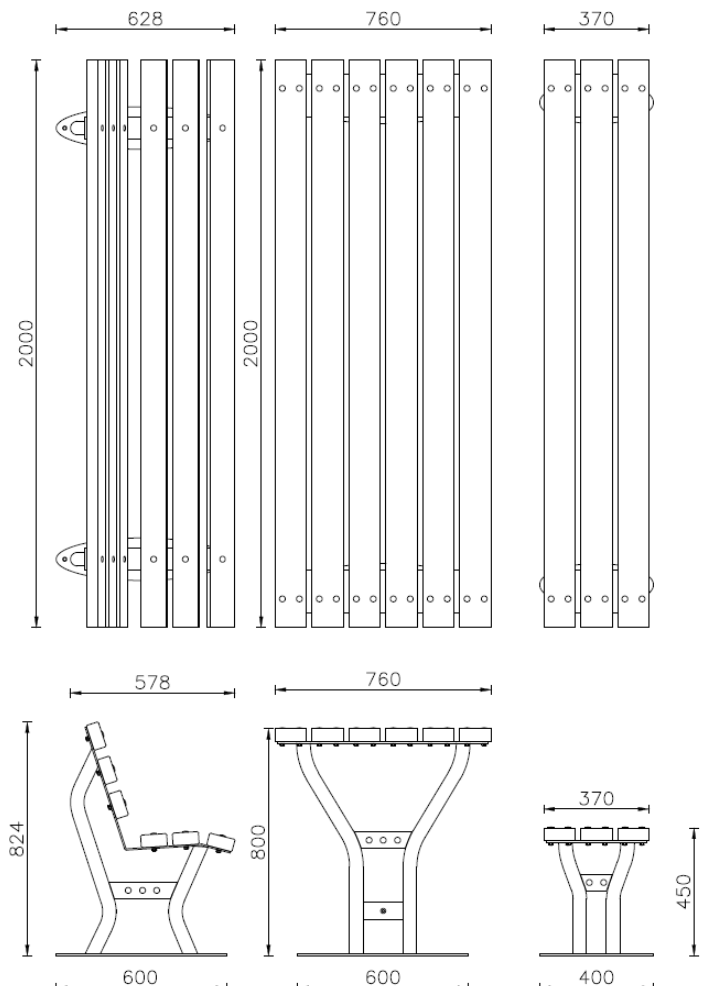

All metal parts are galvanized and coated with thermosetting polyester powders in various RAL colours.

All the screws are in stainless steel.

The table and benches are very sturdy and suitable for parks and woods.
